Troubleshooting Tips

Your email account (user ID) must allow for automated emails so you can receive correspondence from our online grant system. If you are not able to receive automated emails or do not receive a confirmation email after saving or submitting your application, or after creating a new account, the proxy server settings on your email account is identifying our automated emails as spam.

Add this email addresses: donotreply@cybergrants.com your address book. You should also have your information technology (IT) department (or the department that controls system proxy settings) allow emails from this address.

FREQUENTLY ASKED QUESTIONS

Are there examples of programs funded through Healthy Kids, Healthy Families?

Yes, please refer to the Healthy Kids, Healthy Families site for examples of key partnerships in each focus area in addition to the most recent listings of all organizations and program summaries funded through the initiative. (http://www.hcsc.com/healthy_kids_healthy_families.html)

What are the funding ranges?

For this grant program, we are deferring to the expertise of the applicants to educate us on the funding needed to run a successful program. We didn't want ranges to take away from the flexibility of the program since applications will be reviewed on a case-by-case basis, focused on outcomes and impact. The intention is that the request amount should reflect the robustness and effectiveness of the proposed program and be put within the context of the specific needs and challenges of the communities involved. Healthy Kids, Healthy Families looks to create strong collaborations and impact-based investments with our community partners and will focus on programs that facilitate that opportunity.

Is funding available for multi-year commitments or only single-year commitments?

Funding will occur annually and receiving funding this year will not disqualify you from being considered for funding for the remaining year of the initiative and we encourage you to apply again.

Do you award grants to individuals?

No, funding will only be awarded to 501(c)(3) organizations.

Can I speak to someone about how best to partner with this initiative?

Due to the high interest in this initiative, we are currently unable to have one-on-one conversations with all interested parties. Email questions to: healthykidshealthyfamilies@hcsc.net.

If I've received funding through Blue Cross and Blue Shield of Illinois, Montana, New Mexico, Oklahoma or Texas in the recent past, can I still apply for funding through the Healthy Kids, Healthy Families initiative?

Yes.

As of August 2016, Health Care Service Corporation and its individual state health insurance plans are unable to fund organizations or projects with written policies that discriminate against individuals based on race, color, sex, sexual orientation, gender identity, religious creed, national origin, physical or mental disability, or protected veteran status, or any other characteristic protected by law.
